5/28/03	A02-02-012	Southwest Gas Corporation (U 905-G), for Authority to Change Natural Gas Rates in San Bernardino, El Dorado and Nevada Counties, California.
---------	------------	--

Summary: On May 27, 2003, Daniel Fessler, representing Southwest Gas Corporation (Southwest), met with William Julian, advisor to Cmmr. Wood, in San Francisco. Fessler discussed the continuing concerns with the delay in processing Southwest's 2003 Test Year General Rate Case. Fessler noted that the establishment of a memorandum account, effective May 8, 2003, in D03-05-032 does not address the key issue of full recovery of Southwest's 2003 Test Year revenue requirement given the seasonal nature of the company's operations. Fessler reiterated that the continuing delay in issuing a 2003 Test Year General Rate Case order has negative financial implications given the large capital requirements attributable to the upgrade of existing operating facilities and the expansion of the system to accommodate growth in new customers.

5/28/03	A02-09-006	Wild Goose Storage Inc., for Review under Public Utilities Code Section 851 et seq., of the Transfer of its Indirect Control to EnCana Corporation, or, in the alternative, Request for Declaratory Order.
---------	------------	--

Summary: On May 23, 2003, Michael Day of Goodin, MacBride, Squeri, Ritchie & Day, counsel for Wild Goose Storage Inc. (Wild Goose), met with Julie Fitch, advisor to Pres. Peevey, in San Francisco. Also present was Philip H. Davies, Vice President and General Counsel of Wild Goose. Davies and Day discussed the proposed decision (PD) and the alternate and indicated that their review of the legal precedents substantially disagreed with the conclusion in the two decisions. In addition, Davies and Day suggested that such a restrictive interpretation of Section 854, is both inconsistent with the regulatory compact adopted by the Commission with regard to independent storage companies, and fails to give adequate direction to such utilities in order to enable them to comply with the statute in the future. Day and Davies indicated that Wild Goose had previously filed a Section 854 application when the shares of Wild Goose were directly transferred to another entity, thus disproving any intent to conceal such transactions from the Commission. Day also noted that the PD's reliance on a very minor change in the composition of the Board of Directors was an insufficient basis for the conclusion that a change in control of the utility had occurred.

Schavrien, Vice President, Regulatory Affairs, SEU, participated in both meetings. SEU representatives discussed the Governor's announced \$1 billion reduction to the Department of Water Resources (DWR) 2003 revenue requirement. Schavrien stated that savings from reductions to the 2003 DWR revenue requirement should be allocated to the utilities based on how initial costs were allocated to utilities and that those savings should be allocated to customers consistent with the method by which the 2003 DWR revenue requirement was allocated to customer classes.

Procurement and Renewable Resource Development.

Summary: On May 23, 2003, Leslie Katz, Regulatory Relations Regional Vice President, Sempra Energy Utilities (SEU), met with Cmmr. Wood in San Francisco. Also present were Steve Weissman and Manuel Ramirez, advisors to Cmmr. Wood, and Lee Schavrien, Vice President Regulatory Affairs, SEU. Schavrien stated that while San Diego Gas & Electric Company (SDG&E) agrees that the Commission should promptly address SDG&E's near- and long-term resource needs, the preferred way to do so is through SDG&E's recently issued Request for Proposals (RFP) seeking firm capacity resources. Katz noted that the RFP was developed in conjunction with SDG&E's Procurement Review Group (PRG) and that the PRG will review bid results. Katz suggested that the Commission should encourage Calpine Corporation to participate in the open, competitive bid process.

Summary: On May 29, 2003, Scott Blaising, counsel for the California Municipal Utilities Association, had a telephone conversation with Manuel Ramirez, advisor to Cmmr. Wood. Blaising indicated that it would be fair to implement two 'counter-balancing' changes to the Cmmr. Brown's alternate: limit the scope of new load that is exempted and provide a limited exemption for historical levels of existing municipal departing load.

Summary: On May 29, 2003, Scott Blaising, counsel for the California Municipal Utilities Association (CMUA), met with Laura Krannawitter, advisor to Cmmr. Kennedy, in San Francisco. Also present were Joy Warren and Chris Mayer, representing the Modesto Irrigation District (MID). Written material (attached to the notice) was used. Blaising explained that CMUA believes that the record supports modifications to Cmmr. Brown's alternate. Warren pointed to Public Utilities Code Section 9610 and noted that service by MID to new and existing customers within the service areas designated by Section 9610 was anticipated by the Commission and the Legislature, and was accounted for by PG&E. Warren argued that new and existing customers served by MID within MID's service area should be exempted from cost recovery surcharges.

Summary: On May 28, 2003, Scott Blaising, counsel for the California Municipal Utilities Association (CMUA), met with David Gamson, advisor to Cmmr. Brown, in San Francisco; and on May 29, 2003, spoke with David Gamson on the telephone. Written material (attached to the notice) was used. Blaising discussed ALJ's proposed decision and Cmmr. Brown's alternate and noted that, as between the two decisions, CMUA supports the alternate. Blaising further explained that CMUA believes that the record supports modifications to Cmmr. Brown's alternate. During the May 29, 2003 telephone conversation with David Gamson, Blaising indicated that it would be unfair to modify the alternate decision to limit the scope of new load, without also providing for an exemption for historically base incidents of municipal departing load.

Summary: On May 29, 2003, Garith Krause, Assistant General Manager, Finance and Electric Services, Merced Irrigation District (Merced), met with Julie Fitch, advisor to Pres. Peevey, and David Gamson, advisor to Cmmr. Brown, in two separate meetings in San Francisco. Also present was Dan L. Carroll, counsel for Merced. Written material (attached to the notice) was used. Carroll and Krause expressed Merced's support for Cmmr. Brown's alternate addressing the issue of municipal departing load cost responsibility surcharges (CRS), in particular, the alternate's inclusion of a 'greenfields exemption' from CRS for new load. Carroll stated that Merced is concerned that the alternate could leave some unintentional loopholes that could lead to claims that the exemption does not apply to greenfields development for Merced. Krause pointed out that unlike some other publicly owned utilities including irrigation districts, Merced does not have an exclusive service area. Krause explained that Merced's boundaries overlap those of Pacific Gas and Electric Company (PG&E), such that Merced has a non-exclusive service area within which it competes with PG&E. Carroll also addressed the California Municipal Utilities Association principles and stated that the principles overlook the issues that an irrigation district such as Merced has because of its non-exclusive service area. Carroll stated that those principles should undergo more examination. Carroll then urged that the alternate also be revised to include some

capped exemption to existing load of municipal power providers, including irrigation districts. Krause noted that Merced customers are also paying energy crisis costs and that to require Merced customers to pay a CRS on top of bearing Merced's own energy crisis costs would amount to an unfair double collection.

6/3/03 R01-10-024 Order Instituting Rulemaking to Establish Policies and Cost Recovery Mechanisms for Generation Procurement and Renewable Resource Development.

Summary: On May 29, 2003, Bill Stock, Chief, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with David Gamson, advisor to Cmmr. Brown, and Kevin Coughlan, advisor to Pres. Peevey, in two separate meetings in San Francisco. Also present were Kent Harvey, Chief Financial Officer, and Karen Tomcala, Vice President, Regulatory Relations, PG&E. PG&E representatives reviewed the statutory framework created by AB 57 and noted that the statute requires procurements plans approved by the Commission to eliminate the need for after-the-fact reasonableness reviews of an electrical corporation's actions which are in compliance with such approved plans. PG&E representatives also stated that the various drat decisions in this matter would expose PG&E to risks of procurement reasonableness review. PG&E representatives requested that the Commission adopt an annual disallowance cap for PG&E of \$36 million, eliminate Standard of Conducts 6 and 7, and reaffirm the broad scope for the annual disallowance cap to cover all procurement-related activities.
